What Kativate is

Kativate is an event planning brand led by Kateri Foley. The offering centers on online guides for event planners, with remote orchestration and occasional in-person support. The face of the brand is Kateri. This deck is for her review with Haven Chavous.

Logo system intent

(A) A polished wordmark paired with a simple mark for primary use (site, proposals, covers).
(B) An elegant K monogram for flexible use (avatars, seals, favicons, social, embossing).
Each direction below explores both, using the same preferred color family: burgundy and green with silver and/or white.

Four directions

- A: Classic Hospitality (warm hotel / wedding)
- B: Modern Luxe (contemporary premium)
- C: Soft Garden (botanical / lifestyle)
- D: Ultra Modern Luxe (high-fashion minimal)

How to give feedback

- Mark which palette mood feels most like Kativate.
- Note which wordmark vibe and monogram vibe win.
- Call out remix ideas (swap a color, soften a mark).
- Large logo pages follow each direction overview.

Preferred overall color family: burgundy and green, with silver and/or white accents.
